

Homeschool Science

Fall Series

Join SCNC during this fall's homeschool science programs. Each program includes hands-on activities, a lesson and a hike.

Classes held on the 3rd Friday, 10am-Noon

For ages 5-12 years

Fee: \$2/ACC resident per class, \$3/Non-resident per class

Register for one or all by calling (706) 613-3615 X 0.

Wacky Weather-September 17

Become a meteorologist as you learn how to read weather maps, use weather instruments and make a forecast.

Rocks Rock!-October 15

Discover how rocks are made and which ones you can find in Georgia.

Time Traveler-November 19

Take a trip back in time as we explore the past. From dinosaurs to the early history of the property of Sandy Creek.

Astronomical Adventures-December 17

Explore other planets and stars as we venture into space. We'll enter STARLAB to see the stars.
